5270 Neil Road, S220
Reno, NV 89502

Dear Students,

Thank you for contacting me regarding my support for the Workforce Reinvestment Act. Your kind words and personal stories are a reminder of the power of a community that values education and hard work.

As a college professor of 30 years, I believe that education is the cornerstone to success. The success you find in the classroom and the world of work will not solely be your own. Your efforts will have a positive impact on your families and community for years to come, paving the way for others to realize the American dream.

Nevada has been hit hard by the economic recession. However, through the hard work of yourself and others, we will weather this storm and come out better people, better communities, and a better Nevada—one person at a time. I applaud your perseverance and am inspired by your story.

Once again, thank you for contacting me and I wish you the best in all your future endeavors. Please keep me updated on your progress.

Sincerely,

Dina Titus
Member of Congress
